On August 2, 2004, Bryan passed away in his sleep from unknown causes. He was a healthy 12 ½ year old boy who loved music and sports. Bryan once described himself as *“a bass player who likes sports and loves music”* and he is sorely missed. His favorite saying was “you gotta have fun”. With the money that is raised we will continue to offer scholarships and will be promoting **Caring Hearts In Surviving Early Loss (CHISEL)**. The Bryan Palmer Foundation is uniquely positioned to assist and aid in the bereavement process, as we intimately know what families are experiencing. Our goal is to become a respite and resource to those experiencing early loss and with your help we can provide comfort in a time of great need.

All proceeds to benefit the Bryan Palmer Foundation
