GYMKIDS is a parent-supervised free play program for kids ages 2-4.

The White Marsh Recreation Council offers the GymKids program to promote health and fitness in young children by giving them an opportunity to run, play and socialize in a spacious and safe environment. Music and minimal play equipment, such as balls, hula hoops, and ride on toys will be provided.

While a Director for the Program will be present, parents are required to stay and supervise their children.

**This program is designed to provide a healthy and enjoyable leisure experience for your child, not to provide childcare. Department staff cannot detain youth wishing to leave at any time.**
